Summary

Full Stack Developer with a Web Development certificate from Georgia Institute of Technology with skills in JavaScript and the MERN stack. Experienced service industry professional with strong communication skills and ability to work under pressure.

Technical Skills

Languages
- HTML, CSS, JavaScript, Node.js

Libraries and Frameworks
- jQuery, Express.js, Moment.js, Bootstrap, React.js

Applications
- GitHub, Microsoft Office, Google suite

Projects

D.O.U.F.O.S. | https://github.com/Limnation/project3 | https://doufos.herokuapp.com
- This project required the complete MERN stack to produce an interactive front end and functional database.
- React, Express, Node, MongoDB Atlas, Graphql, JavaScript, HTML, CSS, GitHub
- Responsible for the user authentication, building the model for the database, and Graphql.

Limited Footwear | github.com/Limnation/limited | limited-footwear.herokuapp.com/
- A website designed for a fictional shoe company that catalogs all products stored in a database. This project displays my knowledge of how to build a website using both front end and back end components.
- Express, Node, MongoDB Atlas, JavaScript, jQuery, HTML, CSS, GitHub
- Responsible for APIs and populating DOM with inventory stored in the database.

Experience

Bartender | Rocket Farms Restaurants | 2015 - Present | Atlanta, GA
- Launched the opening of the first of four Supericas in the Greater Atlanta Area.
- Worked on a bar team for six years to run a unique bar program and assisted in management of inventory, pricing, and menu selection.

Education

Georgia Tech Coding Boot Camp | 2021
- Full Stack Flex Web Development, Certificate

Hubspot Academy | 2021
- Email Marketing Certified

Codecademy | 2021
- Certificate of Completion: HTML & CSS
